

The Sinclair Broadcasting group is flagrantly disregarding what is both moral and legal in American media.

This documentary is NOT "news" but a propaganda ad created to be aired in a critical time. It should NOT get a news exemption and should not be allowed to air.

How can the rules disallow Schwarzenegger movies during his campaign and allow this documentary during the Presidential election? Broadcasting groups should not be allowed to force local stations to interrupt their programming for electioneering. Media control needs to be back in the hands of local communities, who have every right to the free airwaves.

Please stop the Sinclair group from further ruining American media and destroying what little truth and proper journalism remains.
